

Why You Choose

- The Specialized experience of 40 + years in design.
- Continuous improvements in the field of Design, Manufacturing and Process of Rotating Machines.
- Design and manufacturing of press tools and moulds.
- Setting up Stamping Plant, Stamping heat treatment, Semi automatic winding insertion line.
- Setting up motor testing and competency lab.
- Material selection, inspection & testing.
- Energy conservation and management.
- Technical support, trouble shooting and field failure analysis.
- Consecutive Export Excellence Award by Maharashtra State Government, India.
- DIC Excellence Award by Maharashtra State Government, India.
- CSA International Approved Factory.
- ISO 9001 : 2015 TUV NORD Certified Company.
- CE Certified.

AG ELECTRO SERVICES

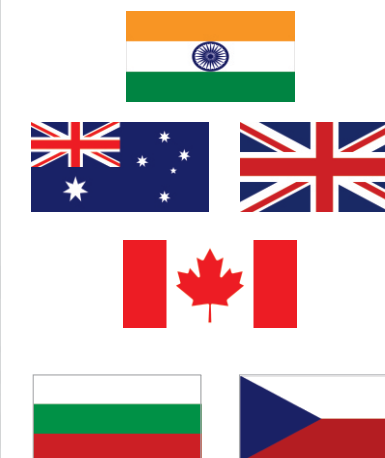

(AG ELECTRIC MOTORS)

Total Solution For
Electrical Rotating Machines

Consecutive Export Excellence State Award

Our Products To

40+ Years Experience In Electrical Motor Industry

Rapid Product Development
Rapid Press Tool & Stamping Manufacturing
Rapid Batch Production
Contract Manufacturing
Manual Customized Windings
Semi-Automatic Windings For moderate quantity

About the Company :

AG Electro Services is located in the South West Part of India near to major industrialized area of Pune and Mumbai on National highway (NH48) which makes **location strategic** for **Sea and Air shipment**. Our aim is to provide **Reliable, Flexible** with **Excellent Technical service** in the field of Electrical Motor Industry.

Policy and Philosophy :

To work closely with our Customers to meet and fulfill their demands. Achieving customer's satisfaction through use of our 40 years experience & knowledge with technical and process support, **Provide them** continuous **Quality products, timely delivery** and at best price for valuable customers.

Facilities :

- Insulating machines **Industra SIM/3 Slot Liner** and **Whitby SIM/3 Slot Liner**
- Automatic Coil Winding and insertion Machines **Alliance ATW-II-4**
- Intermediate and final forming presses **Alliance TTF- 4A** and **Statomat EFM-2RA**
- AMP Crimping Machine
- Testing and Measuring instruments
- Progressive Blanking Presses with Auto Feeding Facility, Press Tools & Machines
- Automatic Vacuum Pressure Impregnation (VPI) Plant For Varnishing

Associates :-

Products :

- E - Transport & Commercial Vehicle - Stamping and Motors
- BLDC, IPM Motors
- Injection Overmolding For Stator Pole (Stamping) Insulation
- Freight Elevator Motors
- Door Closing Motors and Lift Motors
- Conventional 2 Speed and Gearless
- Vibrator Motors
- Hermatic Motors
- Motors for Textile Spindle
- Motors For Dairy Application
- Motors for Hazardous Locations
- Floor Cleaning Motors
- Pump Motors, Motors for Tools, Brushless Motors
- Copper Brazed Rotors & Die Cast Rotors
- Wound Stator, Rotor Assembly and Complete Motor
